

2015-2016 WWVEA Scholarships

In the last few weeks our scholarship committee had the privilege of getting to know a few of our graduating seniors through their scholarship paperwork. With eleven scholarship applications turned in, it was no easy task to determine who should receive what. The team was astounded at how accomplished and ready for their future these students present themselves; parents and teachers of these children should be very proud.

The recipients of the 2015-2016 WWVEA scholarships are as follows:

Facing the Challenge – Christian Moreno

Donna Manuel Future Teacher – Bethany Roulston

Child of a WWVEA Member – Karli Plucker
